PROJECT MANAGEMENT
Gold Coast, Australia
Mindroom Innovation
2018-2020
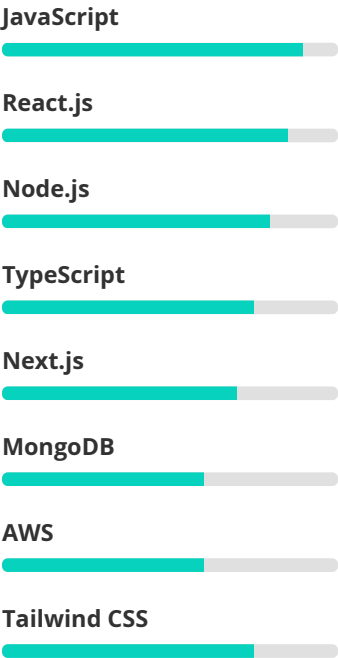

CERT IV IN MEDIA
Gold Coast, Australia
Eip
2018

MASTER IN BUSINESS MANAGEMENT
Rio De Janeiro, Brazil
Getulio Vargas Foundation
2013-2014

B.S. IN COMPUTER SCIENCE
Goiânia, Brazil
Pontifical Catholic University
2007-2012

SKILLS

JavaScript

React.js

Node.js

TypeScript

Next.js

MongoDB

AWS

Tailwind CSS

PROFILE

Programmer analyst professional, offering over 10 years of experience with solid knowledge in the field of web development. I am skilled in fact finding and analysis, discovering problems and providing the most appropriate solutions.

WORK EXPERIENCE

FRONT END DEVELOPER | TRINOOR
SEP 2024 – FEB 2025 - Gold Coast, Australia (remotely)

As part of the frontend team for TAShelix, a powerful **no-code enterprise platform** used to digitize business workflows. My role focused on improving **UI/UX**, building scalable components, and ensuring seamless performance across multiple applications.

- Developed dynamic and responsive user interfaces using **React**, **TypeScript**, and **MUI**, enhancing the usability of the platform.
- Implemented complex state management solutions with **React Redux** and optimized performance with efficient rendering strategies.
- Integrated various third-party APIs, including **Google Maps API**, to extend platform functionalities.
- Improved accessibility and responsiveness across different screen sizes and devices.
- Ensured high code quality with automated testing using **Jest** and **Vitest**, and enforced coding standards with **ESLint** and **Husky**.

React, TypeScript, React Redux, MUI, Framer-Emotion, Tailwind CSS, Drizzle ORM, Zod, PDF-lib

FULL STACK DEVELOPER | FLK IT OVER
JAN 2024 – SEP 2024 - Sydney, Australia (hybrid)

I played a key role in developing and maintaining a **real estate platform**, focusing on frontend development, **design system** creation, and UI component management. This included enhancing the document signing dashboard to streamline user workflows for capturing signatures and feedback.

- Maintained and improved the **Dashboard SPA** and **Signing App** using **React.js**, **React-final-form**, and **Yup**.
- Enhanced UI/UX with **Radix UI**, **CSS Modules**, **Embla Carousel**, and **Framer Motion** for interactive animations.
- Developed and maintained a component library with **Storybook**, ensuring consistency with **Cypress** and **Chromatic testing**.
- Contributed to backend development, building **RESTful APIs** with **Node.js** and managing **MongoDB**.
- Architected scalable solutions using **NX Monorepo** and deployed across environments using **AWS services** like **S3**, **CloudFront**, **Elastic Beanstalk**, and **Lambda**.

React.js, React-final-form, Yup, Radix UI, CSS Modules, Embla Carousel, Framer Motion, Storybook, Cypress, Chromatic Testing, RESTful APIs, Node.js, MongoDB, NX Monorepo, AWS S3, AWS CloudFront, AWS Elastic Beanstalk, AWS Lambda

FRONT END DEVELOPER | TEREM

FEB 2023 – OCT 2023 - Gold Coast, Australia (remotely)

As a React.js Developer, I worked on the **Find My Credit** project for **Qantas Airways**, building a web application that helped customers locate their COVID-19 travel credits.

- Developed core features using **React.js**, **JavaScript**, **HTML**, and **CSS**, ensuring high performance and scalability.
- Collaborated with a fully remote team, following **Agile methodologies**, actively contributing to sprint planning, code reviews, and daily stand-ups.
- Worked closely with UX/UI teams to implement responsive and accessible designs, improving the customer experience across devices.

React JS, JavaScript, HTML, CSS, Agile practices

FULL STACK DEVELOPER | ZAPID HIRE

APR 2021 – DEC 2022 - Sydney, Australia (remotely)

Worked at Zapid Hire, a **recruitment platform** designed to streamline hiring processes in hospitality industry. The platform connects job seekers with employers using AI-powered job matching, video-based applications, and automated interview scheduling.

- Maintained and deployed applications built with **ReactJS** and **React Native**, ensuring seamless delivery to Android and iOS app stores.
- Developed high-quality UI components using **React.js**, **Next.js**, and **Tailwind CSS**, with isolated component development in **Storybook**.
- Implemented efficient form validation with **React Hook Form** and state management with **Zustand**.
- Managed cloud infrastructure using **AWS services** such as EC2, S3, RDS, CloudFormation, and Elastic Beanstalk.
- Built and maintained a robust **GraphQL** API using **Apollo** and **TypeScript**, integrating authentication via **JWT** and database management with **Prisma ORM** for PostgreSQL.

ReactJS, React Native, JavaScript, React.js, Next.js, Tailwind CSS, Storybook, React Hook Form, Zustand, AWS, EC2, ECS, ELB, S3, RDS, CloudFormation, TypeScript, GraphQL, JWT, Prisma ORM, PostgreSQL

PREVIOUS EXPERIENCES

Company	Title	Date
Two Red Kites	Full Stack Developer	MAR 2020 – DEC 2020
Live Platforms (Coding Labs)	Mobile Developer	MAR 2019 – JUN 2019
Mindroom Innovation School	Full Stack Developer	MAR 2019 – JUN 2019
Indra Brazil	Senior Java Developer	MAR 2013 – DEC 2016
Algar Tech	Senior Java Developer	May 2013 – Feb 2015
Politec	Senior Java Developer	Dec 2009 – Aug 2013
LG Sistemas	.NET Developer	Aug 2008 – Nov 2009
State University of Goiás - Brazil	Java Software Engineer	Jul 2006 – Aug 2008
